A Minute With Mitzi

2021 is officially half over...where has the time gone? Soon Back to School supplies will be appearing in the stores! We will grumble about it and think they are rushing time. But then we will have to read the following tidbit by Charles Swindoll to get our "Attitude" in line.

Attitude...By Charles Swindoll

"The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think say or do. It is more important than appearance, giftedness or skill. It will make or break a company... a church... a home. The remarkable thing is that we have a choice every day regarding the attitude we will embrace for that day. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude. I am convinced that life is 10% what happens to me and 90% how I react to it. And, so it is with you... we are in charge of our attitudes."
