

A Minute With Mitzi

As the time comes to hand the Good Neighbor director's baton to Crissy, I am reflecting on the amazing run I have had doing this for you my "family of friends."

Jan said the job would be one of the opportunities that would fill my days with unimaginable times, and she was so very correct. Trips that taken with you will forever be imprinted in my mind and on my cell phone!

You have all been so special to me and I will never forget the kind words, the beautiful smiles, and the warm and caring friendships that you have bestowed upon me these past years. Thank you, just does not seem enough.

I do need to personally thank all the members of the Unison staff for working while I had the GNC Movies, the GNC trips and the GNC luncheons. I could not have done it without your help and support.

And then there is LeAnn. No trip would have been possible without her help and support. She made me laugh, she made me cry and she made every trip a special one for not only you but me as well. We had a wonderful ride to oh, so many wonderful and amazing places. Thank you, my friend, you will always be a special part of the memories of the Good Neighbor Club.

I won't say so long as I will continue to work a couple of days a week as a part time replacement for Lindsey at the receptionist desk. And I will not say no to taking a trip or two to some of our favorite GNC trip destinations!

One thing I ask as I leave this position is that you welcome Crissy into the director's position with the same understanding and love as you did me. She will make each and every event a special occasion. I have seen her desire to make the GNC the absolute best for every one of you.

May God richly bless everyone of you as 2023 begins. May He bring you peace, joy, and most of all LOVE. My Minute with Mitzi is now up.

PROTECTING YOUR PERSONAL & FINANCIAL INFORMATION 4 TIPS TO RECOGNIZE & AVOID PHISHING SCAMS

Scammers use email or text messages to trick people into giving them personal information like passwords, account numbers and Social Security numbers. Use these four tips to determine if your email or text is a phishing scam:

1. Double check that the email or text is from a legitimate company you know or trust.
2. Is there urgency to the message? Phishing emails and text messages often create a

sense of urgency to trick victims into clicking or providing personal information before evaluating the source of the email or text.

3. Is the email about suspicious activity or log-in attempts on your account? These scams tell a story to trick you into clicking on a link or opening an attachment.
4. Always go to the real source. If your bank emails or texts you, before submitting any information, contact your local branch office and find out the legitimacy of the email/text.
