Crissy's Corner - The Outer Banks Are Calling!

The Good Neighbors Club is headed to North Carolina's beautiful Outer Banks in 2027! Thinking about joining us? Here are a few fun facts about this fascinating coastal destination:

- The Outer Banks are a chain of narrow barrier islands, shaped by the wind, waves and tides.
- Jockey's Ridge near Nags Head is home to the tallest living sand dune system on the East Coast, with dunes that continually shift with the wind.
- A herd of wild Colonial Spanish Mustangs still roams the northern beaches near Corolla, a living connection to the area's centuries-old history.
- The Outer Banks welcome several species of sea turtles to their shores for nesting.
- Treacherous currents and shifting shoals have caused countless shipwrecks along the coast, earning the surrounding waters the nickname "Graveyard of the Atlantic."
- In 1903, Orville and Wilbur Wright made history near Kill Devil Hills with the world's first successful powered airplane flights.
- The iconic Cape Hatteras Lighthouse is the tallest brick lighthouse in the United States. In 1999, it was famously moved nearly 3,000 feet inland to protect it from the encroaching ocean.
